Dear sir/madam,

My name is Choy Shan Shan Susanna. I'd registered to express my opinion on the captioned LegCo meeting. My registration number is C2F9945E.

I am a Clinical Psychologist graduated in HKU and have been practicing in HK for more than 10 years, serving NGO and public hospitals in the past ten years.

I would like to express my full support to the Hong Kong Psychological Society, Division of Clinical Psychology proposal of Accredited Registration to be implemented in HK. To bar those unqualified people to use the name of clinical psychologist to practice in HK. We treasure mental health is as important as physical health.

Thanks.

Best regards,
Susanna
