Subject: Accredited Register (AR) Scheme for CPs

Dear Sir/Madam,

I am a professor of assessment at the Education University of Hong Kong, and I support launching the Accredited Register (AR) Scheme for CPs.

According to page 8 of the Education Standards of Clinical Psychology, academic training should adequately cover the following core areas: neuropsychology, health psychology and community psychology.

I further recommend requiring at least one of the following:
health psychology
or community psychology.

Thank you for your attention.

Sincerely,
Ming Ming CHIU
