5 December 2018

Mr Daniel SIN,
Clerk to Panel,
Panel on Information Technology and Broadcasting,
Legislative Council Complex,
1 Legislative Council Road,
Central, Hong Kong

Dear Mr Sin,

**Panel on Information Technology and Broadcasting
Information Requested at the Meeting on 12 November 2018**

At the meeting of the Panel on Information Technology and Broadcasting on 12 November 2018, Members requested for supplementary information regarding two projects proposed to be funded by the Block Allocation under Head 710 Computerisation of the Capital Works Reserve Fund in 2019-20. The information provided by Agriculture, Fisheries and Conservation Department (AFCD) is as follows -

(a) Upgrade of Fisheries Patrol and Enforcement System

The Fisheries Patrol and Enforcement System assists enforcement staff of AFCD to carry out their patrol and enforcement duties in accordance with the provisions in the Fisheries Protection Ordinance (Cap. 171), including patrols at sea and combating fishing vessels engaged in illegal fishing activities.

The project mainly covers upgrading the obsolete system software and mobile devices, incorporating information and functions of the Local Fishing Vessel Register and enhancing the data exchange interface with the Prosecution Management System of AFCD.

(b) Redevelopment of Plant and Pesticides Licensing System

The Plant and Pesticides Licensing System assists staff of AFCD in carrying out licensing and/or enforcement duties under the Pesticides Ordinance (Cap. 133), the Plant (Importation and Pest Control) Ordinance (Cap. 207) and the Import and Export Ordinance (Cap. 60) as well as processing of applications for plant variety rights under the Plant Varieties Protection Ordinance (Cap. 490).

The project mainly covers redeveloping the existing system, replacing the obsolete software, and enhancing the licence processing and reporting capabilities.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'Eva YAM', with a large, sweeping flourish extending to the right.

(Eva YAM)
for Secretary for Innovation and Technology
