should discuss the subject matter at a future meeting. The Administration's response to issues raised in the letter from Hon CHU was set out in LC Paper No. CB(2)514/16-17(01) issued on 3 January 2017.

At the work plan meeting for the 2019-2020 session on 4 November 2019, it was agreed that this issue be subsumed under the discussion of the item "Progress of the initiatives under the New Agriculture Policy" (Please also see item 15 above).

17. Use of veterinary drugs in food animals and cultured fish and surveillance of veterinary drug residues in food and food animals

To be confirmed

At the meeting on 15 October 2015, concerns were raised about the regulation of animal feed for livestock and cultured fish and the presence of veterinary drug residues, including antibiotics, in meat and aquatic products for human consumption. On 3 January 2017, the Administration provided the Panel with an information paper on its work plan regarding antimicrobial resistance ("AMR") (LC Paper No. CB(2)519/16-17(01)).

In recognition of the major threat posed by AMR to global public health, the Administration has set up a High Level Steering Committee on AMR ("HLSC") to formulate strategies and action plans for tackling AMR in Hong Kong. The Expert Committee on AMR ("Expert Committee") formed under HLSC has made recommendations to HLSC. Taking into account the recommendations of the Expert Committee and the "One Health" framework which apprehends the correlation among human, animal and environment health and that AMR must be tackled at all three levels, HLSC has formulated a holistic action plan on AMR. On 10 July 2017, the Administration formally launched the Hong Kong Strategy and Action Plan on AMR ("Action Plan") (2017-2022). The issue was

discussed by the Panel on Health Services at its meeting on 17 July 2017, and members of this Panel were invited to join the discussion.

On 6 August 2018, the Administration provided another information paper on the progress of work on tackling the threat of AMR in food animals by the Agriculture, Fisheries and Conservation Department ("AFCD") under the Action Plan (LC Paper No. CB(2)1913/17-18(01)). In September 2019, the Administration provided the Panel with a further information paper updating members on the progress of work on tackling the threat of AMR in food animals by AFCD (LC Paper No. CB(2)1914/18-19(01)).

At the work plan meeting for the 2019-2020 session on 4 November 2019, the Administration undertook to provide, by the end of the 2019-2020 session, an information paper reporting the latest work progress in this respect.

18. Regulatory control of genetically modified food

To be confirmed

At the meeting on 12 March 2013, the Panel was briefed on the Administration's proposal on regulating genetically modified ("GM") food by introducing a mandatory pre-market safety assessment scheme ("PMSAS") in Hong Kong. At the meeting on 11 July 2017, the Administration advised that it would launch a public consultation on PMSAS in due course, taking into account the international development on regulation of GM food.

At the work plan meeting for the 2019-2020 session on 4 November 2019, the Administration was requested to step up efforts to encourage the trade to voluntarily adopt GM food labelling and to review the trade's receptiveness to those recommendations set out in the "Guidelines on Voluntary Labelling of Genetically Modified Food" issued by CFS in 2006.

19. Government Laboratory's work in respect of food safety and other services	To be confirmed
Item proposed by the Administration.	
The Administration plans to brief members on the re-development of the Food Safety Laboratory of the Government Laboratory when ready.	
20. Regulating and monitoring the activities of oyster culture in Hong Kong	To be confirmed
At previous meetings of the Panel, concern was expressed about the over-expansion of oyster culture in Shenzhen Bay and the need of introducing in Hong Kong a licensing mechanism for regulating the activities of oyster culture. There was a suggestion that the issue of regulating and monitoring the activities of oyster culture in Hong Kong should be discussed by the Panel.	
21. Ancillary facilities for storage and distribution of chilled meat and poultry	To be confirmed
At the meeting on 15 October 2015, concern was raised about the lack of ancillary facilities for wholesaling of chilled meat and poultry. Noting that the trade had made repeated requests to the Government for the setting up of an approved distribution and storage centre for chilled meat and poultry with a view to reducing food safety risks, members requested that the subject matter be discussed at a future meeting.
