Ms Joanne MAK
Clerk to the Panel on Home Affairs
Legislative Council Complex
1 Legislative Council Road
Central, Hong Kong

Dear Ms Mak,

At the meeting of the Panel on Home Affairs on 3 December 2019, Members enquired about the availability of water dispensers in public football venues under the management of the Leisure and Cultural Services Department (LCSD). Our response is set out below.

Currently, the LCSD manages 58 public football venues with turf pitches and 189 public football venues with hard-surface pitches, of which 167 venues have been provided with water dispensers at the venue or adjacent public leisure facilities, accounting for about 68% of the total. As for the remaining 80 football venues, 52 venues will be provided with water dispensers or are currently under feasibility study, while the other 28 venues could not be provided with water dispensers due to technical constraints such as their location on top of service reservoirs, unavailability of suitable water sources and a lack of suitable locations for installation of sewage systems. Detailed information is at [Annex](#).

Yours sincerely,
