Legislative Council Panel on Housing

Public Works Programme Item No. B472RO

Water feature park and landscaped walk at Diamond Hill

Purpose

This paper consults Members about the Government's proposal to upgrade **B472RO** to Category A.

Project proposal

2. The proposed water feature park and landscaped walk under **B472RO** occupy an area of around 26 400 square metres. The scope of the proposed works includes –

Water feature park

- (a) reinstatement of three historic buildings –
 - (i) the Old Pillbox (Grade 2 Historic Building);
 - (ii) the Former Royal Air Force Hangar (Grade 3 Historic Building); and
 - (iii) the Stone House;

- (b) construction of –
 - (i) water ponds and a water feature resembling natural stream courses;
 - (ii) a covered multi-purpose area and a multi-purpose activity room;
 - (iii) water filtration plants and relevant display items for educational purpose;
 - (iv) landscaped areas with a children's play area, fitness areas, shelters, benches and greening; and
 - (v) ancillary facilities such as a park office, a baby care room, toilets, a first aid room, a store room, a plant room, etc. ;

Landscaped walk

construction of –

- (i) landscaped areas with shelters, benches, a multi-purpose pavilion and greening; and
- (ii) ancillary facilities such as a baby care room, toilets, a plant room, etc.

3. The location plan and site plan of the proposed works are at **Annex 1** and **Annex 2**, while the artist's impression is at **Annex 3**.

4. Subject to the timely funding approval of the Finance Committee (FC) of the Legislative Council, we anticipate that construction of the proposed works can commence in the fourth quarter of 2020 for completion in phases from 2023 to 2024.

Justification

5. The Diamond Hill Comprehensive Development Area (CDA) comprises public housing development, public open space, religious facilities and a public transport interchange. We propose carrying out **B472RO** for the provision of a water feature park and a landscaped walk to address the need of the local community including the population increase arising from the public housing development at the Diamond Hill CDA.

Project implementation

6. We plan to entrust the design and construction of the proposed works to the Hong Kong Housing Authority, to facilitate better design coordination and construction interface between the proposed works and the adjacent public housing development under construction in parallel. The key development parameters of the public housing development are at **Annex 4**. Upon completion of the works, the water feature park and landscaped walk will be handed over to relevant government departments for management and maintenance.

Project estimate

7. The capital cost of the proposed works is estimated to be \$615.9 million in money-of-the-day prices.

Public consultation

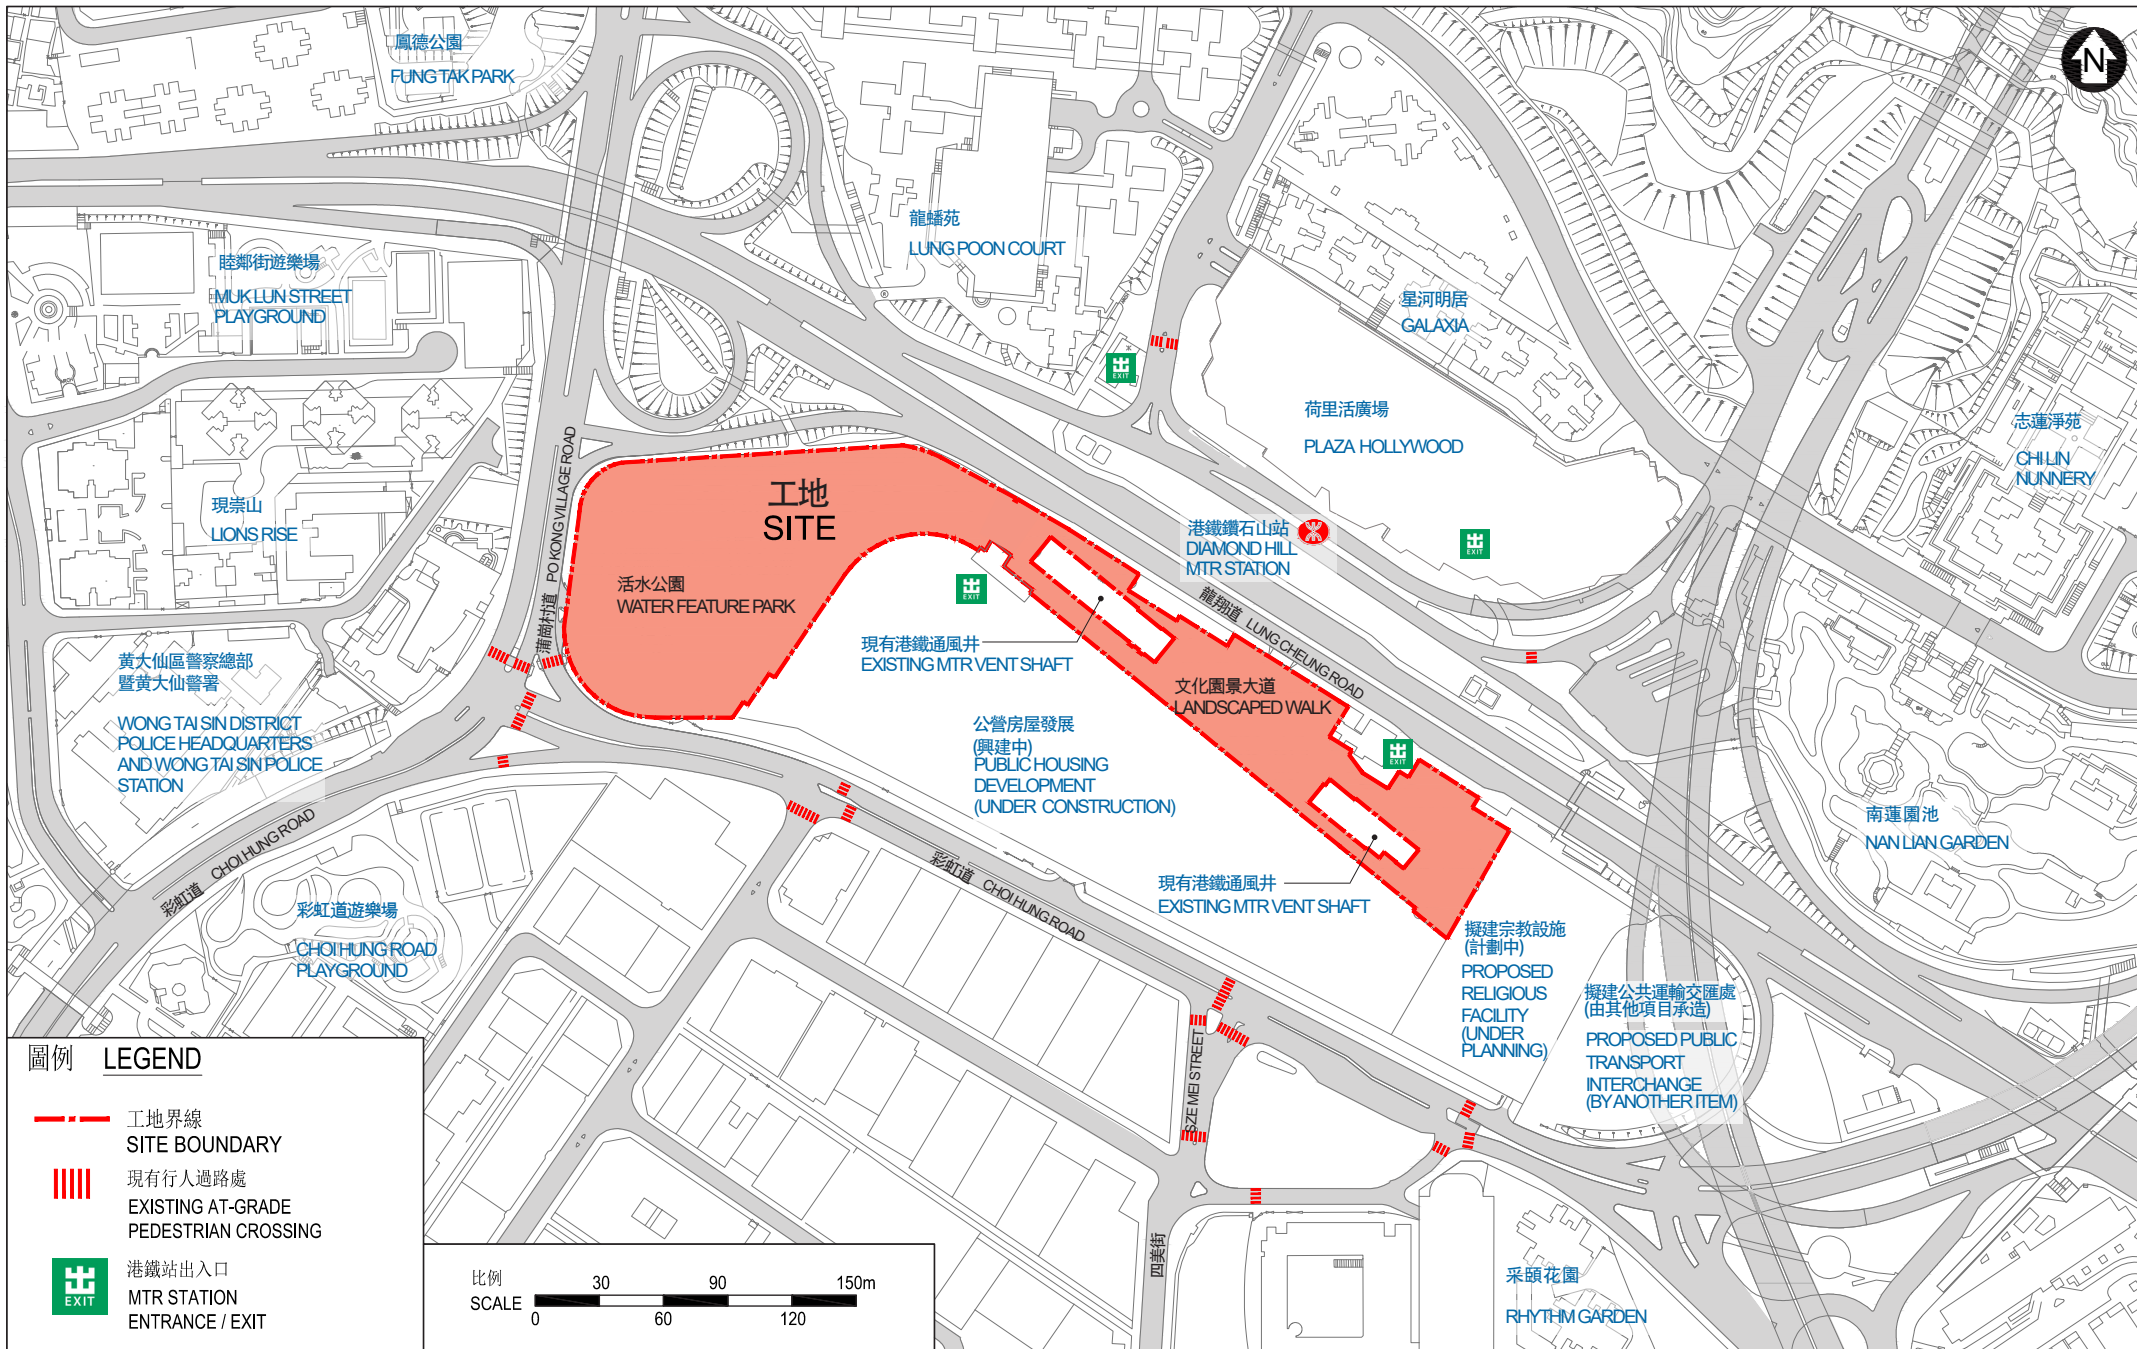

8. We consulted the Wong Tai Sin District Council on 3 January 2017, 7 November 2017, 3 July 2018 and 8 January 2019 about the proposed works. The District Council raised no objection.

Way forward

9. We plan to submit the funding proposal of the proposed works to FC for funding approval after the consultation of Public Works Subcommittee.

10. Members are invited to note the paper and provide views.
