**Proposed timing for discussion**

At the Panel meetings on 7 November 2011 and 16 October 2012 respectively, members considered that the issue of "cycling safety" should be revisited by the Panel and the Administration should consider formulating a policy to promote the use of bicycles as a means of transport in Hong Kong. The Administration advises that due to road safety considerations, the use of bicycle as a transport mode in urban areas is not encouraged because roads in these areas are usually narrow and crowded. The Administration will continue to foster a "bicycle-friendly" environment in new towns and new development areas by improving the cycle tracks and ancillary facilities.

Mr LAU Kwok-fan wrote to the Panel Chairman on 8 May 2017 requesting discussion of the "bicycle-friendly" policy (LC Paper No. CB(4)1012/16-17(01)) at a Panel meeting. The Administration's response to the letter (LC Paper No. CB(4)1313/16-17(01)) was issued to members on 27 June 2017. On 23 May 2017, Mr HUI Chi-fung also requested to discuss the cycling policy (LC Paper No. CB(4)1104/16-17(01)).

To promote self-regulatory and sustainable operation of automated dockless bicycle rental services ("ADBRS"), the Transport Department announced the Code of Practice for ADBRS and signed the Memorandum of Understanding on the Operation of ADBRS with four automated bicycle rental operators on 28 September 2018.

The Administration proposes to report the improvement works of cycle track network in new towns and the latest situation of automated dockless bicycle rental services.

<b>19. Improvement of Lion Rock Tunnel</b>	June 2020
<p>The Administration will brief the Panel on the planning of rehabilitating the Lion Rock Tunnel and increasing its capacity.</p>	
<b>20. Proposals on revisions of penalty levels of certain traffic offences under Fixed Penalty (Criminal Proceedings) Ordinance (Cap. 240) and Road Traffic Ordinance (Cap. 374)</b>	June 2020
<p>The Administration will consult the Panel on the proposed revisions of penalty levels of certain serious traffic offences such as careless driving, dangerous driving, drink driving and drug driving under Cap. 374 and the fixed penalty levels of the scheduled traffic offences under Cap. 240, such as speeding, etc.</p>	
<b>21. Comprehensive Transport Studies</b>	To be confirmed
<p>On 20 December 2018, Mr Tony TSE wrote to the Panel Chairman proposing the Panel to discuss matters relating to the commissioning of Comprehensive Transport Studies ("the Studies"). The Panel Chairman agreed to discuss with the Administration the timetable and scope of the Studies.</p>	
<p>At the Panel meeting on 18 October 2019, Mr CHAN Han-pan and Ms Tanya CHAN requested an early discussion on the item. Mr CHAN opined that the Studies would provide useful insight for the Administration to map out future transport strategy, in particular the impact of population increase arising from housing development projects in the New Territories West regions. Ms CHAN said that the Studies could facilitate a holistic and sustainable development of transport systems in Hong Kong.</p>	

<b>Items</b>	<b>Proposed timing for discussion</b>
<b>22. Utilization and operation of the Hong Kong-Zhuhai Macao Bridge ("HZMB")</b>	To be confirmed
<p>Mr LAM Cheuk-ting suggested at the Panel meeting on 25 October 2019 the discussion of the utilization and operation of HZMB. Mr LAM said that there was a great discrepancy in the actual usage of HZMB since its commissioning in October 2018 vis-à-vis the traffic forecast projected by the Administration. He also expressed concern over the imbalance of revenue and expenditure during the operational stage of the HZMB given its low utilization. The Administration was requested to provide a response in this regard.</p>	
<b>23. Relaxation of the traffic restriction in South Lantau and the related transport facilities and arrangements</b>	To be confirmed
<p>Proposed by Dr KWOK Ka-ki at the meeting on 28 October 2016.</p>	
<p>The Administration advised on 9 October 2017 that according to a survey on users' views, the relaxation measures have been well received by the public. The Administration will keep in view the situation, including the traffic condition as well as the supply and utilization of parking spaces in South Lantau. The Transport Department will also take into account the Sustainable Lantau Blueprint as well as the Feasibility Study on Traffic, Transport and Capacity to receive visitors for Lantau being undertaken by Development Bureau and Civil Engineering and Development Department.</p>	
<b>24. Setting up a pedestrian street in Central</b>	To be confirmed
<p>Proposed by Mr Charles Peter MOK at the meeting on 28 October 2016. The Administration was requested to brief the Panel on its policy on giving</p>

priority to pedestrians in certain public space.

Some community organizations filed an application in 2015 under the Town Planning Ordinance requesting to rezone Des Voeux Road Central ("DVRC") as a pedestrian and tram precinct. Relevant departments provided views to the Town Planning Board under their respective purviews, including raising concerns about disruption to emergency and rescue operation, bus route diversion, knock-on environmental impacts on other roads, etc. The organizations subsequently withdrew the rezoning request in 2016. A separate proposal was received by the Central and Western District Council ("CWDC") in late 2018 from a community organization to hold an event for 3 months by converting a section of DVRC into a pedestrian and tram precinct. The CWDC expressed initial reservation and the proposer has subsequently made a number of amendments to the proposal at different times. The government departments have provided feedback on the revised proposal.

The Administration welcomes proposals from all sectors to improve the walking environment. When considering various proposals, the Administration will take into account the demands of the local community and businesses, local characteristics, street management and impact on traffic.

**25. Electric Vehicles ("EVs")**

To be confirmed

At the meeting held on 12 October 2017, Dr KWOK Ka-ki expressed concern over the shortage of charging facilities for EVs and the registration system of EVs. He opined that EVs should become the mainstream direction of the development of the automobile industry. He suggested discussing the policies and issues relating to EVs and arranging a public hearing on this subject. He further said that the above said matters might also be related to the

Mr CHOW requested the Administration reporting the progress of the above mentioned study to the Panel</p>	
<b>29. Smart Mobility Initiatives Relating to Road Transport and the introduction of a smart transport system</b>	To be confirmed
<p>On the subject of smart mobility initiatives relating to road transport being implemented by the Administration, the item was originally proposed for discussion in July 2019 but the meeting was subsequently cancelled. The Administration later on provided an information paper on the implementation of various smart mobility initiatives, which was issued to members vide LC Paper No. CB(4) 1110/18-19(01) on 12 July 2019.</p>	
<p>As regards the introduction of a smart transport system, the item is proposed by Ms Elizabeth QUAT at the meeting on 28 October 2016. Ms QUAT was concerned over the Administration's plan to introduce a smart transport system which was essential for development of a smart city. Both Ms QUAT and Mr Charles Peter MOK would like to discuss the provision of electronic payment services for using transport facilities. Mr MOK would like to discuss the policies of the Administration and those of public transport organizations on opening up transport-related data.</p>	
<p>On 1 November 2016, the Administration advised that the smart city policy was spearheaded by the</p>

<p>Innovation and Technology Bureau and therefore the matter should be referred to the Panel on Information Technology and Broadcasting.</p>	
<p>At the meeting on 11 October 2018, Ms QUAT reiterated her concern over the Administration's plan to introduce a smart transport system. Mr MOK urged the Administration to brief the Panel on the policies and issues related to opening up of transport-related data.</p>	
<p>The Administration proposed on 9 October 2019 that the item be removed from this list.</p>	
<p><b>30. Proposals on revision of certain fees and charges under the Road Traffic Ordinance and its regulations (Batch 5)</b></p>	<p>The Administration proposes to remove this item</p>
<p>As the fee review moratorium on government fees and charges set on a cost recovery basis is in force until 31 December 2020, this item will be put on hold in the 2019-2020 legislative session. The Administration proposes on 9 October 2019 removal of this item from the list.</p>	
<p><b>31. Franchised bus fares and fare concessions</b></p>	<p>The Administration proposes to remove this item</p>
<p>At the meeting on 28 October 2016, Mr LAU Kwok-fan suggested discussing the matters on bus fares, in particular introduction of sectional fares and provision of more fare concessions for residents living in remote areas. On 29 May 2017, Mr KWOK Wai-keung and Mr LUK Chung-hung wrote to the Panel Chairman requesting discussion of the trial scheme of narrowing the fare differential for short-haul trips of cross-harbour routes and non-cross harbour routes (LC Paper No. CB(4)1163/16-17(01)). The Administration's response (LC Paper No. CB(4)1285/16-17(01) was issued to members on</p>	

<b>Items</b>	<b>Proposed timing for discussion</b>
22 June 2017.	
The Administration advised on 9 October 2019 that issues of bus fares and fare concessions were discussed extensively at various meetings in 2018 and 2019 when the Panel was consulted on the fare increase applications of franchised bus companies and suggested removing this item from this list.	
<b>32. Measures to tackle traffic congestion problem in Hong Kong</b>	The Administration proposes to remove this item
Proposed by Mr LAU Kwok-fan and Ms Elizabeth QUAT at the meeting on 28 October 2016. Mr LAU requested the Administration to review the existing road network such as Tolo Highway near Sha Tin. Ms QUAT expressed concern that there were traffic congestion problems at roads connecting the New Territories East to Kowloon, such as Clear Water Bay Road and New Clear Water Bay Road. She also expressed concern that there were inadequate transport facilities for the increased population in Tseung Kwan O.	
At the meeting on 28 October 2016, Ms Tanya CHAN and Mr Charles Peter MOK also proposed to discuss the Electronic Road Pricing ("ERP") scheme as a means to tackle traffic congestion. The Administration has already in principle accepted the recommendations of the Transport Advisory Committee in December 2014 on measures to tackle road traffic congestion, including an ERP pilot scheme. Proposals, when ready, will be presented to the Legislative Council.	
The Administration provided a written reply to the Panel on 15 September 2017 addressing members' concerns over the specific areas mentioned.
