

資訊科技及廣播事務委員會

**在 2021 年 1 月 11 日的會議上
就議程第 IV 項
"社會創新及創業發展基金"簡介及注資建議
通過的議案**

鑒於現時長者對學習使用智能電話需求殷切，同時懂得活用智能電話的年輕人缺乏工作機會，本委員會促請政府撥正社會錯配的資源，推出計劃，聘請年輕人擔任導師，指導長者使用智能電話，將科技融入生活，打造智慧城市。

Panel on Information Technology and Broadcasting

**Motion passed under agenda item IV at the meeting on 11 January 2021
on "Introduction of and proposed funding injection into the
'Social Innovation and Entrepreneurship Development Fund'"**

That, given the present keen demand among elderlies for learning to use smartphones and the lack of working opportunities for young people who know how to make good use of the smartphones, this Panel urges the Government to rectify the misallocation of resources in society by launching programmes to hire the young people as instructors to provide guidance for the elderlies on the use of smartphones, with a view to integrating technologies into people's daily lives and developing Hong Kong as a smart city.
