

**Bills Committee on Smoking (Public Health) (Amendment) Bill 2019
(2020-2021 session)**

**List of follow-up actions required of the Administration
arising from the discussion at the meeting on 30 March 2021**

The Administration was requested to provide a list of harmful chemical substances which were found in heated tobacco products but were not present in conventional tobacco products as suggested by the Food and Drug Administration of the United States and where appropriate, in other scientific studies to which the Administration had made reference in formulating the legislative proposal.
