**Hon LUK Chung-hung's motion on
“Protecting the rights and interests of platform workers”**

Wording of the Motion

That, given the rapid development of platform economy in recent years, various platform companies in Hong Kong have recruited large numbers of platform workers to engage in food delivery and transport services, but such companies have not provided platform workers with sufficient protection; in this connection, this Council urges the Government to set up a licensing regime for regulating platform companies, and to make the taking out of accident insurance with a certain insured amount by platform companies for their platform workers one of the licensing terms and conditions, so as to protect the rights and interests of platform workers.
