

GRANTHAM SCHOLARSHIPS FUND

Report of the Grantham Scholarships Fund Committee on the administration of the Fund for the year ended 31 August 2020

The Grantham Scholarships Fund (“the Fund”) was established in 1955 under the Grantham Scholarships Fund Ordinance (Cap. 1076) (“the Ordinance”) to commemorate the governorship of Sir Alexander Grantham G.C.M.G. The objective of the Fund is to promote and encourage local education, and in particular to provide for persons resident in Hong Kong of scholarships and maintenance grants in primary schools, secondary schools, prevocational schools, technical schools and institutions of higher education in Hong Kong.

2. The Fund is managed by the Grantham Scholarships Fund Committee (“the Committee”) constituted under Section 4 of the Ordinance. The membership list of the Committee for the year under report is at Appendix I. The Trust Funds and Temples Joint Secretariat is responsible for the secretariat and accounting work of the Fund. The Director of Audit is the auditor of the Fund’s accounts.

3. During the reporting period, the total income of the Fund was HK\$9.93 million and the total expenditure was HK\$23.54 million. The Fund recorded a deficit of HK\$13.61 million for 2019-20. As at 31 August 2020, the capital of the Fund was HK\$76.18 million and the accumulated surplus was HK\$156.49 million. The audited Financial Statements of the Fund for the year ended 31 August 2020 is at Appendix II.

4. The Fund currently gives the Grantham Maintenance Grants and ten types of awards and scholarships, including Grantham Music Awards, Grantham Outstanding Student Athletes Awards, Grantham Scholars of the Year Awards, Grantham Uniformed Youth Groups Outstanding Service Awards, Grantham Visual Arts Awards, Scholarships for Students of Hong Kong Academy for Performing Arts, Open University of Hong Kong and Vocational Training Council, Todd Memorial Scholarships for Aberdeen Technical School and also Grantham Awards for Students of Special Schools.

5. In the academic year 2019-20, a total of HK\$5.24 million was disbursed for maintenance grants, awards and scholarships as follows -

	<u>No. of Awards</u>	<u>HK\$</u>
(a) Grantham Maintenance Grants	1,256	3,777,000
(b) Grantham Music Awards [#]	-	-
(c) Grantham Outstanding Student Athletes Awards [#]	-	-
(d) Grantham Scholars of the Year Awards	24	240,000
(e) Grantham Uniformed Youth Groups Outstanding Service Awards	23	184,000
(f) Grantham Visual Arts Awards	20	174,500
(g) Scholarships for Students of Hong Kong Academy for Performing Arts	11	219,500
(h) Scholarships for Students of Open University of Hong Kong	20	200,000
(i) Scholarships for Students of Vocational Training Council	99	198,000
(j) Todd Memorial Scholarships for Aberdeen Technical School	94	87,000
(k) Grantham Awards for Students of Special Schools	304	157,000
		<hr/> <hr/>
		5,237,000

[#]The awards for the academic year 2019-20 were suspended due to the COVID-19 pandemic.

Grantham Scholarships Fund

Financial statements for the year ended 31 August 2020

Report of the Director of Audit

Audit Commission

The Government of the Hong Kong Special Administrative Region

Independent Auditor's Report To the Legislative Council

Opinion

I certify that I have audited the financial statements of the Grantham Scholarships Fund set out on pages 4 to 18, which comprise the balance sheet as at 31 August 2020, and the income and expenditure account, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements give a true and fair view of the financial position of the Grantham Scholarships Fund as at 31 August 2020, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in accordance with section 10(1) of the Grantham Scholarships Fund Ordinance (Cap. 1076).

Basis for opinion

I conducted my audit in accordance with section 10(2) of the Grantham Scholarships Fund Ordinance and the Audit Commission auditing standards. My responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of my report. I am independent of the Grantham Scholarships Fund in accordance with those standards, and I have fulfilled my other ethical responsibilities in accordance with those standards. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of The Secretary for Home Affairs Incorporated for the financial statements

The Secretary for Home Affairs Incorporated is responsible for the preparation of the

financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and section 10(1) of the Grantham Scholarships Fund Ordinance, and for such internal control as The Secretary for Home Affairs Incorporated determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, The Secretary for Home Affairs Incorporated is responsible for assessing the Grantham Scholarships Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Audit Commission auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Audit Commission auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Grantham Scholarships Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by The Secretary for Home Affairs Incorporated;
- conclude on the appropriateness of The Secretary for Home Affairs Incorporated's use of the going concern basis of accounting and, based on the audit evidence

obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Grantham Scholarships Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Grantham Scholarships Fund to cease to continue as a going concern; and

- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

GRANTHAM SCHOLARSHIPS FUND

NOTES TO THE FINANCIAL STATEMENTS

1. GENERAL

The Grantham Scholarships Fund (the Fund) provides scholarships and maintenance grants for students in primary schools, secondary schools, pre-vocational schools, technical schools and institutions of higher education in Hong Kong in accordance with sections 5 and 6 of the Grantham Scholarships Fund Ordinance (Cap. 1076).

The address of the Fund's principal place of business is 34th Floor, Wu Chung House, 213 Queen's Road East, Wan Chai, Hong Kong.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

The financial statements have been prepared in accordance with section 10(1) of the Grantham Scholarships Fund Ordinance and all applicable Hong Kong Financial Reporting Standards (HKFRSs) issued by the Hong Kong Institute of Certified Public Accountants (HKICPA).

(b) Basis of preparation of the financial statements

The financial statements have been prepared on an accrual basis and under the historical cost convention except that financial assets measured at fair value through income and expenditure account are stated at fair value as explained in the accounting policies set out in note 2(d) below.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenditure. The estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

There are no critical accounting judgements involved in the application of the Fund's accounting policies. There are neither key assumptions concerning the future nor other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in the next year.

(c) Impact of new and revised HKFRSs

The HKICPA has issued a number of new and revised HKFRSs which are effective for the current accounting period. There have been no changes to the accounting policies applied in these financial statements for the years presented as a result of these developments.

The Fund has not early adopted any amendments, new standards and interpretations which are not yet effective for the current accounting period. The Fund is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial adoption. So far, it has concluded that the adoption of them is unlikely to have a significant impact on the Fund's results of operations and financial position.

(d) Financial assets and financial liabilities

(i) Initial recognition

Financial assets and financial liabilities are recognised on the date the Fund becomes a party to the contractual provisions of the financial instrument. They are initially stated at fair value plus or minus transaction costs that are directly attributable to the acquisition of financial assets or issue of financial liabilities, except for those financial instruments measured at fair value through income and expenditure account for which transaction costs are recognised directly in the income and expenditure account. An explanation of how the Fund determines the fair value of financial instruments is set out in note 9. Purchases and sales of investments are recognised using trade date accounting.

(ii) Categorisation and subsequent measurement

Financial assets measured at fair value through income and expenditure account

These comprise equity securities. They are held within a business model in which they are managed and their performance is evaluated on a fair value basis. They are subsequently measured at fair value. Changes in fair value are recognised in the income and expenditure account in the period in which they arise.

Financial assets measured at amortised cost

These comprise debt securities, accounts receivable and cash and cash equivalents. They are held for the collection of contractual cash flows which represent solely payments of principal and interest. They are subsequently measured at amortised cost, net of loss allowance, if any (note 2(d)(iv)).

Financial liabilities measured at amortised cost

These comprise accounts payable. They are subsequently measured at amortised cost.

(iii) Derecognition

A financial asset is derecognised when the contractual rights to receive the cash flows from the financial asset expire, or where the financial asset together with substantially all the risks and rewards of ownership have been transferred.

A financial liability is derecognised when the obligation specified in the contract is discharged, is cancelled or expires.

(iv) Impairment of financial assets

For debt securities, accounts receivable and cash and cash equivalents, the Fund measures the expected credit losses to determine the loss allowance required to be recognised. Financial assets measured at fair value through income and expenditure account are not subject to the expected credit loss assessment.

Expected credit losses are a probability-weighted estimate of credit losses. They are based on the difference between the contractual cash flows due in accordance with the contract and the cash flows that the Fund expects to receive, discounted at the effective interest rate. They are measured on either of the following bases:

- 12-month expected credit losses (for financial instruments for which there has not been a significant increase in credit risk since initial recognition): these are losses that are expected to result from possible default events within the 12 months after the reporting date;
or
- lifetime expected credit losses (for financial instruments for which there has been a significant increase in credit risk since initial recognition): these are losses that are expected to result from all possible default events over the expected life of the financial instrument.

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Fund compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this assessment, the Fund considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Fund in full; or (ii) the financial asset is 90 days past due. The Fund considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

For a financial asset with lifetime expected credit losses recognised in the previous reporting period, if its credit quality improves and reverses the previously assessed significant increase in credit risk, then the loss allowance reverts from lifetime expected credit losses to 12-month expected credit losses.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(e) Awards, scholarships and maintenance grants

Awards, scholarships and maintenance grants are recognised as expenditure when they are approved by the Committee and due for payment.

(f) Foreign currency translation

Hong Kong dollar is the currency of the primary economic environment in which the Fund operates. Foreign currency transactions during the year are translated into Hong Kong dollars at the exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated into Hong Kong dollars at the exchange rates ruling at the reporting date. Exchange gains and losses are dealt with in the income and expenditure account.

(g) Revenue recognition

Interest income is recognised as it accrues using the effective interest method. Dividend income is recognised when the Fund's right to receive payment is established.

(h) Cash and cash equivalents

Cash and cash equivalents include cash at banks and time deposits with original maturities of three months or less from the date of placement.

(i) **Employee benefits**

Contract gratuities, salaries and annual leave entitlements are accrued and recognised as expenditure in the year in which associated services are rendered by the staff. Staff on-costs, including pension and housing benefits provided to the staff by the Government, are charged as expenditure in the year in which the services are rendered.

	<hr/>	<hr/>
	2,213,371	2,386,206
	=====	=====

8. FINANCIAL RISK MANAGEMENT

The Fund's major financial instruments are financial assets measured at fair value through income and expenditure account, debt securities measured at amortised cost, accounts receivable, cash and cash equivalents and accounts payable. The major risks associated with these financial instruments are set out below.

(a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The maximum exposure to credit risk at the reporting date in relation to each class of financial assets is the carrying amount of those assets as stated in the balance sheet.

To minimise the credit risk arising from cash and cash equivalents, all deposits are placed with reputable licensed banks in Hong Kong. Hence, the credit risk associated with cash and cash equivalents is considered to be low.

The credit quality of cash and cash equivalents, analysed by the ratings designated by Moody's, at the reporting date is shown below:

	2020 HK\$	2019 HK\$
Cash and cash equivalents, by credit rating		
Aa1 to Aa3	5,927,884	3,614,326
A1 to A3	36,184,400	20,942,179
	<hr/> 42,112,284 <hr/>	<hr/> 24,556,505 <hr/>

To minimise the credit risk arising from debt securities, the Fund only invests in those classified under the investment grade by Moody's or Standard & Poor's. At the reporting date, the credit quality of debt securities, analysed by the ratings designated by Moody's, was as follows:

	2020 HK\$	2019 HK\$
Debt securities, by credit rating		
A1 to A3	44,316,056	57,351,726
	<hr/>	<hr/>

For accounts receivable, the Fund believes that there is no material credit risk inherent in the Fund's outstanding balance because the counterparties have no history of default in the past.

As such, the credit risk on these financial instruments is assessed as not having increased significantly since initial recognition and the Fund determines the loss allowance required to be recognised based on 12-month expected credit losses. The Fund has estimated that 12-month expected credit losses on these financial assets are immaterial and considers that no loss allowance is required.

(b) Market risk

The Fund is exposed to market risk due to changes in market variables such as equity prices, interest rates and exchange rates.

(i) Equity price risk

The Fund maintains a diversified portfolio of investments. The Committee managing the Fund monitors the performance of the portfolio and regularly reviews the investment strategy to manage the equity price risk. It was estimated that, as at 31 August 2020, if the market prices of the respective equity securities had been 10% (2019: 10%) higher/lower, the deficit of the Fund for the year would decrease/increase by HK\$14,590,000 (2019: HK\$16,330,000) and the accumulated surplus would increase/decrease by HK\$14,590,000 (2019: HK\$16,330,000). The sensitivity analysis was based on the carrying amount of equity securities held by the Fund at the reporting date and on the assumption that all other variables were held constant.

(ii) Interest rate risk

Interest rate risk is the risk of loss arising from changes in market interest rates. This can be further classified into fair value interest rate risk and cash flow interest rate risk.

Fair value interest rate risk is the risk that the value of a financial instrument will fluctuate because of changes in market interest rates. Since the Fund's debt securities and deposits with banks bear interest at fixed rates, their fair values will fall when market interest rates increase. However, as they are all stated at amortised cost, changes in market interest rates will not affect their carrying amounts and the Fund's deficit and equity.

Cash flow interest rate risk is the risk that future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Fund is not exposed to material cash flow interest rate risk because interest income from financial instruments bearing interest at a floating rate is not significant.

(iii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in currency exchange rates. The Fund's financial instruments denominated in foreign currencies are exposed to currency risk.

- Exposure to currency risk

The Fund maintained financial instruments denominated in foreign currencies totalling CNY50,920,449 (2019: USD18,168 and CNY49,358,285) at the reporting date. Since no foreign currency rate hedging is made by the Fund, the carrying amounts of the financial instruments in Renminbi represent the maximum exposure of the Fund to foreign exchange risk in respect of Renminbi.

- Sensitivity analysis

It was estimated that, as at 31 August 2020, should the Renminbi strengthen/weaken by 5% (2019: 5%) against the Hong Kong dollar, with all other variables held constant, the deficit of the Fund for the year would decrease/increase and the accumulated surplus would increase/decrease by HK\$2,874,000 (2019: HK\$2,705,000). The 5% (2019: 5%) strengthening/weakening in Renminbi represents the assessment by the Fund of a reasonably possible change in the exchange rate of Renminbi over the period until the next reporting date.

(c) **Liquidity risk**

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

In the management of liquidity risk, the Fund maintains a level of cash and cash equivalents that is considered adequate to finance its operations and mitigate the effects of fluctuations in cash flows. Hence, the Fund does not have significant exposure to liquidity risk.

As at 31 August 2020, the remaining contractual maturities of all financial liabilities, based on contractual undiscounted cash flows and the earliest date on which the Fund can be required to pay, were one year or less (2019: one year or less).

9. FAIR VALUE MEASUREMENT

(a) Fair value hierarchy of financial instruments

The following table presents the carrying value of financial instruments measured at fair value at the reporting date on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13 “Fair Value Measurement”.

	2020		2019	
	Level 1 HK\$	Total HK\$	Level 1 HK\$	Total HK\$
Financial assets measured at fair value through income and expenditure account				
Equity securities				
– listed in Hong Kong	145,902,733	145,902,733	163,263,931	163,263,931

No financial instruments were classified under Level 2 and Level 3. During the year, there were no transfers between instruments in Level 1 and Level 2.

The three levels of the fair value hierarchy are:

- Level 1: fair values are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: fair values are determined with inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: fair values of financial instruments are determined with inputs that are not based on observable market data (unobservable inputs).

(b) Valuation techniques and key inputs

The fair value of financial instruments classified under Level 1 is based on quoted market prices of these financial instruments at the reporting date.

All other financial assets and financial liabilities are stated in the balance sheet at amounts equal to or not materially different from their fair values.

10. CAPITAL MANAGEMENT

The capital structure of the Fund consists of capital and accumulated surplus. The Fund's objectives when managing capital are:

- to comply with the Grantham Scholarships Fund Ordinance; and
- to maintain a strong capital base for carrying out the purpose of the Fund as stated in note 1 above.

The Fund manages capital to ensure that its level is sufficient to fund future grants and expenditure, taking into account its projected cash flow requirements, future financial obligations and commitments.
