

EMERGENCY RELIEF FUND

ANNUAL REPORT

BY THE TRUSTEE

FOR THE YEAR ENDED

31 MARCH 2021

Emergency Relief Fund

Annual Report by the Trustee for the Year Ended 31 March 2021

The Fund

The Emergency Relief Fund Ordinance, Chapter 1103 of the Laws of Hong Kong, provides for the establishment and administration of a trust fund known as the Emergency Relief Fund.

2. The Fund aims to provide prompt assistance for persons who are in need of urgent relief as a result of fire, flooding, tempest, landslide, typhoon or other natural disasters. Grants from the Fund are intended for relief rather than compensation.
3. The Fund consists of an annual allocation from the General Revenue and donations received from the public from time to time. It is vested in the Director of Social Welfare Incorporated as Trustee.

The Committee

4. The Emergency Relief Fund Committee advises the Trustee on matters relating to the administration of the Fund. The Committee, as laid down in the Ordinance, comprises three ex-officio members and two or more non-official members appointed by the Chief Executive. Membership as at 31 March 2021 was as follows:

Chairperson	Director of Social Welfare
Members	Miss AU Hiu-lam, Helen
	Ms CHAN Yeo-ting, Jolanda
	Mr LAW Ka-chun, Joseph
	Director of Housing or representative
	Director of Home Affairs or representative
Secretary	Senior Social Security Officer (Social Security) ⁴ , Social Welfare Department

5. During the year, papers on matters below were issued to members of the Committee for information or agreement:

- quarterly reports on payments made;
- annual report by the Trustee for the year ending 31 March 2020;
- investment matters;
- annual revision of the payment rates;
- the revised Emergency Relief Fund Payment Schedule; and
- others administrative matters.

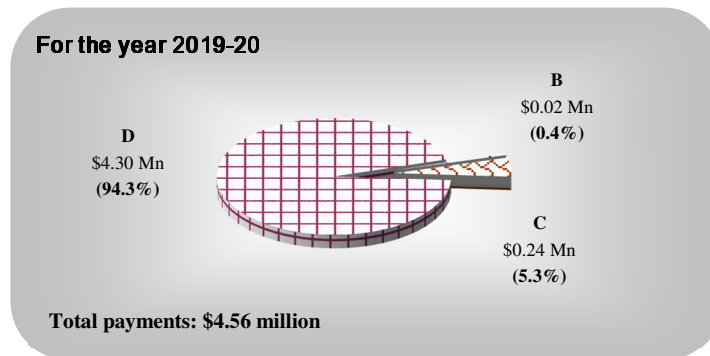

Payments

6. There are five major types of grants under the Fund as detailed in Annex I of Appendix I. Payments of grants are made on the basis set out in the Emergency Relief Fund Payment Schedule, which is subject to periodic revision to reflect changes in prices and wages. The payment rates were last revised on 1 April 2020 as set out in Annex III of Appendix I.

7. The responsibility for approving grants and making payments in accordance with the Operational Guidelines set out in Appendix I is, in most cases, vested in the Agriculture, Fisheries and Conservation Department, the Marine Department, the Social Welfare Department and the Lands Department, while the Home Affairs Department is responsible for overall co-ordination at the district level.

8. As the Fund is meant for urgent relief, applications for various types of grants must be made within the respective time limits as laid down in Annex II of Appendix I.

9. During the year, payments totalling \$4.37 million were made from the Fund. A breakdown by type of grant is provided below (preceding year inset):

Section

- A** : Grants in respect of death or personal injury
- B** : Domestic re-accommodation, re-equipment, site formation & repair grants and grant for severe damage to home appliances
- C** : Grants to repair or replace vessels and fishing gear
- D** : Primary producer grants
- E** : Special grants

Note

*Figures may not add up to total due to rounding.

Financial position

10. Income for the year amounted to \$14.67 million, including \$10 million from the Government. On 31 March 2021, the Fund's general account stood at \$120.86 million. Details of the accounts are shown in Appendix II.

Acknowledgements

11. As the Trustee of the Fund, I would like to express my appreciation for the continued support and assistance rendered by all government departments and other parties concerned. I also wish to extend my thanks to all members of the Committee for their contribution in the past year.

Operational Guidelines

Types of Grants

There are five types of grants: death or personal injury grants; domestic re-accommodation, re-equipment, site formation and repair grants and grant for severe damage to home appliances; repair or replacement of vessels and fishing gear grants; primary producer grants; and special grants. A table listing the types of grants and the government departments responsible for investigation and payment is at Annex I.

Time Limits for Application

2. An application for Emergency Relief Fund must be made within the time limits from the date of incident for the respective types of grants as specified in Annex II.

Definitions

3. Dependent Family Members

“Dependent Family Members” should include -

- (a) those family members, however distantly related, who were living under the same family roof, functioning as one household and were financially dependent on the deceased (these “dependent” members may be wage earners themselves who have been partially dependent on the deceased, e.g. a working teenage distant cousin);
- (b) those family members, usually closely related family members not living under the same family roof, who have been financially dependent on the deceased and can show this to be so (that is, remittance receipts, letters and statutory declarations, and the financial dependency must be regular);
- (c) a conceived baby of the family members in (a) and (b) at the time of the victim’s death (the baby will be included as a dependent family member only if he is subsequently born alive and survives up to the time when payment is made); and

- (d) close family members include spouse, children, parents, grandparents, unmarried brothers and sisters, step-parents, grandchildren, step-children, daughters-in-law, sisters-in-law and such persons whose relationship is created by any adoption recognised as valid by the laws of Hong Kong. In all other cases of less closely related family members not living under the same family roof but having been financially dependent on the deceased, discretion may be exercised to decide whether they should be included in the assessment of assistance payable.

General Criteria

4.1 To be eligible for relief from the Fund, a person must be in need to an extent which merits relief as set out in Section 4 of Chapter 1103 of the Laws of Hong Kong. The agents of the Fund must constantly bear this requirement in mind.

4.2 Grants are intended for relief rather than compensation.

4.3 Grants may be made to a person who is legally staying in Hong Kong and who appears to be in need as a result of a natural disaster such as tempest, typhoon, rainstorm, landslide and flooding, which has caused suffering or loss to an extent which merits assistance. In addition, victims of fire, house collapse, boat capsized, shipwreck, explosion, eviction from a dangerous building or building affected by a Court Order as a result of natural disaster are also eligible for assistance.

4.4 No payment will be made in respect of any occurrence resulting from a criminal act (e.g. arson) or an act of deliberate negligence (e.g. breach of marine regulations).

4.5 Eligibility criteria relating to individual government departments are set out in paragraphs 5 to 6 below. The Payment Schedule is set out in Annex III.

4.6 The level and conditions of payment should be in accordance with the Payment Schedule in effect on the day when the natural disaster occurs.

4.7 Public donations specifically given for victims of a particular incident should be disbursed exclusively to the designated victims and paid in addition to any entitlement under the Payment Schedule, regardless of the purpose of the donation.

Eligibility Criteria Relating to Individual Departments in respect of Sections A – D of the Payment Schedule

Lands Department

- 5.1
- (a) Grants for emergency relief would be payable irrespective of whether the victims have any insurance coverage. The victims may be required to repay the amount of the grants received if they subsequently recover compensation for the structures or equipment damaged from the insurance companies.
 - (b) Cases due to piling in the neighbourhood or other occurrences resulting from human acts cannot qualify for assistance. Cases where a forced eviction takes place as a result of a house or private tenement being rendered uninhabitable by a natural occurrence may qualify for assistance provided that compensation has not been provided by the landlord.
 - (c) For damaged or evacuated (either moved to rental housing, interim housing or resited) unauthorized domestic structures including unsurveyed squatter structures, only re-equipment grant is payable where there is loss of property; re-accommodation grant, site formation grant or repair grant is not payable.

Agriculture, Fisheries and Conservation Department

- 5.2
- (a) *Farmers*
 - (1) Generally, only genuine small full-time farmers should be considered and large-scale farmers or high income farmers will not be eligible except in unusual circumstances of extreme hardship.
 - (2) Where the source of half of the income of the applicant is not farming, the application should be rejected.
 - (3) If less than one-third of the whole farm is damaged, no grant should be given unless there are exceptional circumstances.
 - (4) For mixed farms, farmers are allowed to claim grants under the appropriate enterprises but subject to one applicable maximum whichever is the highest.
 - (5) If a farmer has received or will receive a grant as a result of a previous natural disaster which happened less than 7 days ago and no significant new damage occurred in the farm, no grant should be given except in unusual circumstances of extreme hardship.

(b) *Fishermen*

- (1) Only bona fide Hong Kong fishermen, and at least 50% of whose family income comes from fishing will be considered for relief.
- (2) Applicants must be the owners of the damaged/lost vessels which were used for fishing.
- (3) The damaged/lost vessel must be the subject of a valid fishing vessel licence issued by the Marine Department.
- (4) The damage/losses must have resulted from fire, strong wind, heavy rain, thick fog or other occurrence.
- (5) Application will not be considered if the damaged/lost vessel is owned by a fish trader or fishing company except in unusual circumstances of extreme hardship.
- (6) If the damaged/lost vessel has insurance coverage, the fisherman may be required to repay the amount of the grants received if he subsequently recovers compensation from the insurer.

(c) *Pond Fish Farmers*

- (1) Only genuine small-scale fish farmers will be considered; damage suffered by commercial farming concerns and comparatively high income fish farmers will not be considered except in unusual circumstances of extreme hardship.
- (2) Where the source of half of the family income of the applicant is not fish farming, the application will be rejected.
- (3) If less than one-third of the whole fish farm is damaged, no grant should be given unless there are exceptional circumstances.

(d) *Marine Fish Farmers*

- (1) Only licensed small-scale fish farmers with at least 50% of the family income coming from marine fish culture will be considered for relief.
- (2) Regarding loss or damage to rafts or cages, only those cases involving loss or damage of at least one-third of the rafts or

cages in use will be considered for relief unless there are exceptional circumstances.

- (3) Regarding loss of fish, only those cases involving a loss of at least one-third of the total fish stock by value will be considered for relief unless there are exceptional circumstances.
- (4) For both (2) & (3) above, the amount of grant in respect of the rafts, cages or fish stock should not exceed the value of the actual losses in the respective items.
- (5) Commercial farming concerns and large-scale farms will not be considered except in unusual circumstances of extreme hardship.
- (6) If the fish stock/rafts have insurance coverage, the fish farmer may be required to repay the amount of the grants received if he subsequently recovers compensation from the insurer.

Marine Department (for working boats)

- 5.3
- (a) Payment will only be made to the owner of a working boat that has been certificated and licensed under the Merchant Shipping (Local Vessels) (Certification and Licensing) Regulation Cap. 548D, irrespective of whether the owner has effective insurance coverage. However, the victim may be required to repay the amount of the grants received if he subsequently recovers compensation for the damage to his working boat(s) from the insurance company.
 - (b) The licence of the working boat must be valid when the natural disaster occurs.
 - (c) The working boat must be certificated and licensed in the name of the owner in person. For avoidance of doubt, no payment will be made if the owner of the working boat is a company, unless under exceptional circumstances.
 - (d) No payment will be made to the owner of a working boat if he owns more than one working boat and only one is damaged, unless under exceptional circumstances.

Social Welfare Department

- 5.4
- (a) If burial expenses were paid either in full or in part by the Government (such as under the Comprehensive Social Security Assistance Scheme) or by any charitable fund, the amount of burial grant shall be reduced by the amount of such payment.

- (b) Payment of a burial grant is made to the person who is responsible for the funeral expenses or to a relative of the deceased, as considered appropriate by the Department.

Eligibility Criteria Relating to all Departments Concerned in respect of Section E of the Payment Schedule

- 6.
 - (a) The level of grant stipulated under Section E of the Payment Schedule refers to the total sum of payments for an event of natural disaster and not the payment for a victim.
 - (b) Ex-gratia grants may be payable to victims of natural disasters who are not covered by the standard grants but in need of some financial assistance. Therefore, grants are only payable to victims who cannot benefit from the provisions under Sections A - D of the Payment Schedule. Ex-gratia grants should not be paid in addition to any of the entitlements as listed under Sections A - D.
 - (c) The general criteria and eligibility criteria relating to Sections A - D of the Payment Schedule (set out in paragraphs 4.1 to 5.4 above) should not be violated.

Payment Schedule and Administrative Procedures

- 7. These are laid down in detail in Annexes I to III and they must be complied with accordingly.

Notes

* *Sections B & D1*

Cases due to piling in the neighbourhood or other occurrences resulting from human acts cannot qualify for assistance. Cases where a forced eviction takes place as a result of a house or a private tenement being rendered uninhabitable by a natural occurrence may qualify for assistance provided that compensation has not been provided by the landlord.

** *Section D2*

The captioned grant is issued on a household basis, and hence each household can only submit one application per incident.

Emergency Relief Fund

Financial statements for the year ended 31 March 2021

Report of the Director of Audit

Audit Commission

The Government of the Hong Kong Special Administrative Region

Independent Auditor's Report To the Legislative Council

Opinion

I certify that I have audited the financial statements of the Emergency Relief Fund set out on pages 4 to 15, which comprise the balance sheet as at 31 March 2021, and the income and expenditure account, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the financial statements give a true and fair view of the financial position of the Emergency Relief Fund as at 31 March 2021, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in accordance with section 10(1) of the Emergency Relief Fund Ordinance (Cap. 1103).

Basis for opinion

I conducted my audit in accordance with section 10(2) of the Emergency Relief Fund Ordinance and the Audit Commission auditing standards. My responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of my report. I am independent of the Emergency Relief Fund in accordance with those standards, and I have fulfilled my other ethical responsibilities in accordance with those standards. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Responsibilities of the Director of Social Welfare Incorporated for the financial statements

The Director of Social Welfare Incorporated is responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA

and section 10(1) of the Emergency Relief Fund Ordinance, and for such internal control as the Director of Social Welfare Incorporated determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Director of Social Welfare Incorporated is responsible for assessing the Emergency Relief Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting.

Auditor's responsibilities for the audit of the financial statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Audit Commission auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Audit Commission auditing standards, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Emergency Relief Fund's internal control;
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Director of Social Welfare Incorporated;
- conclude on the appropriateness of the Director of Social Welfare Incorporated's use of the going concern basis of accounting and, based on the audit evidence

obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Emergency Relief Fund's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Emergency Relief Fund to cease to continue as a going concern; and

- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Emergency Relief Fund

Notes to the Financial Statements

1. General

The Emergency Relief Fund (the Fund) was established for the purpose of making grants and loans and providing material assistance to persons who are in need thereof as a result of fire, flood, tempest, typhoon or other occurrence which has caused suffering or loss in accordance with section 4 of the Emergency Relief Fund Ordinance (Cap. 1103).

The address of the Fund's principal place of business is Room 704, 7/F, Wu Chung House, 213 Queen's Road East, Wanchai, Hong Kong.

2. Significant accounting policies

(a) Statement of compliance

The financial statements have been prepared in accordance with section 10(1) of the Emergency Relief Fund Ordinance and all applicable Hong Kong Financial Reporting Standards (HKFRSs), which is a collective term that includes all applicable individual HKFRSs, Hong Kong Accounting Standards and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (HKICPA). A summary of the significant accounting policies adopted by the Fund is set out below.

(b) Basis of preparation of the financial statements

The financial statements have been prepared on an accrual basis and under the historical cost convention.

The preparation of financial statements in conformity with HKFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenditure. The estimates and associated assumptions are based on experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgements about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

There are no critical accounting judgements involved in the application of the Fund's accounting policies. There are neither key assumptions concerning the future nor other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities in the next year.

Certain comparative figures for 2020 have been reclassified to conform with the current year's presentation of the Fund's financial statements.

(c) Impact of new and revised HKFRSs

The HKICPA has issued certain new or revised HKFRSs which are first effective for the current accounting period. There have been no changes to the accounting policies applied in these financial statements for the years presented as a result of these developments.

The Fund has not early adopted any amendments, new standards and interpretations which are not yet effective for the current accounting period. The Fund is in the process of making an assessment of what the impact of these amendments, new standards and interpretations is expected to be in the period of initial adoption. So far, it has concluded that the adoption of them is unlikely to have a significant impact on the Fund's results of operations and financial position.

(d) Financial assets and financial liabilities

(i) Initial recognition and measurement

Financial assets and financial liabilities are recognised on the date the Fund becomes a party to the contractual provisions of the financial instrument. They are initially stated at fair value plus or minus transaction costs that are directly attributable to the acquisition of financial assets or issue of financial liabilities.

(ii) Classification and subsequent measurement

Financial assets measured at amortised cost

These comprise placement with the Exchange Fund, accounts receivable, interest receivable, time deposits and cash and cash equivalents. They are held for the collection of contractual cash flows which represent solely payments of principal and interest. They are subsequently measured at amortised cost using the effective interest method. The measurement of loss allowances for these financial assets is based on the expected credit loss model as described in note 2(d)(iv).

The effective interest method is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating and recognising the interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of the financial liability. When calculating the effective interest rate, the Fund estimates cash flows by considering all contractual terms of the financial instrument but does not consider the expected credit losses. The calculation includes all fees received or paid between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

Financial liabilities measured at amortised cost

These comprise accounts payable. They are subsequently measured at amortised cost using the effective interest method.

(iii) Derecognition

A financial asset is derecognised when the contractual rights to receive the cash flows from the financial asset expire, or where the financial asset together with substantially all the risks and rewards of ownership have been transferred.

A financial liability is derecognised when the obligation specified in the contract is discharged, is cancelled or expires.

(iv) Impairment of financial assets

For placement with the Exchange Fund, accounts receivable, interest receivable, time deposits and cash and cash equivalents, the Fund measures the expected credit losses to determine the loss allowance required to be recognised.

Expected credit losses are a probability-weighted estimate of credit losses. They are based on the difference between the contractual cash flows due in accordance with the contract and the cash flows that the Fund expects to receive, discounted at the effective interest rate. They are measured on either of the following bases:

- 12-month expected credit losses (for financial instruments for which there has not been a significant increase in credit risk since initial recognition): these are losses that are expected to result from possible default events within the 12 months after the reporting date; or
- lifetime expected credit losses (for financial instruments for which there has been a significant increase in credit risk since initial recognition): these are losses that are expected to result from all possible default events over the expected life of the financial instrument.

In assessing whether the credit risk of a financial instrument has increased significantly since initial recognition, the Fund compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this assessment, the Fund considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Fund in full; or (ii) the financial asset is 90 days past due. The Fund considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

For a financial asset with lifetime expected credit losses recognised in the previous reporting period, if its credit quality improves and reverses the previously assessed significant increase in credit risk, then the loss allowance reverts from lifetime expected credit losses to 12-month expected credit losses.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(e) Revenue recognition

- (i) Grant from the Government is recognised in the income and expenditure account when there is reasonable assurance that it will be received and that the Fund will comply with the conditions attaching to it.
- (ii) Interest income from deposits with banks and the placement with the Exchange Fund is recognised as it accrues using the effective interest method.
- (iii) Donation is recognised as income once the amount is received and approval for acceptance is obtained.

(f) Expenditure on grants/refund of grants

Grants are recognised as expenditure when they are approved and due for payment. Refund of grants is recognised when the right to receive payment is established.

(g) Cash and cash equivalents

Cash and cash equivalents include cash and bank balances, and other short-term highly liquid investments that are readily convertible to known amounts of cash and subject to an insignificant risk of changes in value, having been within three months of maturity when placed or acquired.

(h) Foreign currency translation

Hong Kong dollar is the currency of the primary economic environment in which the Fund operates. Foreign currency transactions during the year are translated into Hong Kong dollars at the exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated into Hong Kong dollars at the exchange rates ruling at the reporting date. Exchange gains and losses are dealt with in the income and expenditure account.

3. Placement with the Exchange Fund

In March 2016, HK\$25 million was placed with the Exchange Fund. The term of the placement is six years from the date of placement, during which the amount of the original placement cannot be withdrawn. Interest on the placement is at a rate determined annually in January and payable annually in arrears on 31 December. The rate is the average annual rate of return of the Exchange Fund's Investment Portfolio for the past six years or the average annual yield of three-year government bond in the previous year subject to a minimum of zero percent, whichever is the higher. The interest rate has been fixed at 4.7% per annum for January to December 2021 and at 3.7% per annum for January to December 2020.

As at 31 March 2021, the total balance of the placement with the Exchange Fund amounted to HK\$29.5 million (2020: HK\$28.4 million), being the principal sum of HK\$25 million (2020: HK\$25 million) plus interest earned but not yet withdrawn at the end of the reporting period of HK\$4.5 million (2020: HK\$3.4 million).

4. Cash and cash equivalents

	2021	2020
	HK\$	HK\$
Time deposits with original maturities within three months	31,807,164	32,584,708
Cash with a government department	37,820	20,000
Cash at bank	1,197,782	1,730,048
	<u>33,042,766</u>	<u>34,334,756</u>

5. Financial risk management

The Fund's major financial assets include placement with the Exchange Fund, time deposits and cash and cash equivalents. The major risks associated with these financial assets are set out below.

(a) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The Fund's maximum exposure to credit risk at the reporting date in relation to each class of financial assets is the carrying amount of those assets as stated in the balance sheet.

The Fund limits its exposure to credit risk by transacting with banks with high credit ratings in Hong Kong. Hence, the credit risk associated with time deposits and cash at bank is considered to be low. The credit risk in respect of placement with the Exchange Fund and cash with a government department is considered minimal.

The credit quality of time deposits and bank balances, analysed by the ratings designated by Moody's, at the reporting date is shown below:

	2021	2020
	HK\$	HK\$
Time deposits and bank balances, by credit rating		
Aa1 to Aa3	24,028,860	6,568,923
A1 to A3	<u>66,671,335</u>	<u>74,696,911</u>
	<u>90,700,195</u>	<u>81,265,834</u>

While the financial assets measured at amortised cost are subject to the impairment requirements, the Fund has estimated that their expected credit losses are immaterial and considers that no loss allowance is required.

(b) Interest rate risk

Interest rate risk is the risk of loss arising from changes in market interest rates. This can be further classified into fair value interest rate risk and cash flow interest rate risk.

Fair value interest rate risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market interest rates. Since the Fund's bank deposits bear interest at fixed rates, their fair values will fall when market interest rates increase. However, as they are stated at amortised cost, changes in market interest rates will not affect their carrying amounts and the Fund's surplus and equity.

Cash flow interest rate risk is the risk that future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Fund's exposure to cash flow interest rate risk is small because interest income from financial instruments bearing interest at a floating rate is not significant.

(c) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in currency exchange rates. The Fund's financial instruments denominated in foreign currencies are exposed to currency risk.

(i) Exposure to currency risk

The Fund maintained financial instruments denominated in Renminbi totalling CNY4,413,851 (2020: CNY4,302,624) at the reporting date. Since no foreign currency rate hedging is made by the Fund, the carrying amounts of the financial instruments in Renminbi represent the maximum exposure of the Fund to foreign exchange risk in respect of Renminbi.

(ii) Sensitivity analysis

It was estimated that, at 31 March 2021, should the Renminbi strengthen/weaken by 5% (2020: 5%) against the Hong Kong dollar, with all other variables held constant, the surplus of the Fund for the year and the accumulated fund would increase/decrease by HK\$261,000 (2020: HK\$235,000).

The above sensitivity analysis has been determined assuming that the change in foreign exchange rate had occurred at the reporting date and for financial instruments in existence at that date.

(d) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

In the management of liquidity risk, the Fund maintains a level of cash and cash equivalents that is considered adequate to finance its operations and mitigate the effects of fluctuations in cash flows. Hence, the Fund does not have significant exposure to liquidity risk.

At 31 March 2021, the remaining contractual maturities of all financial liabilities, based on contractual undiscounted cash flows and the earliest date on which the Fund can be required to pay, were three months or less (2020: nil).

(e) Other financial risk

The Fund is exposed to financial risk arising from the placement with the Exchange Fund due to changes in interest rate which is determined every January (note 3). It was estimated that, at 31 March 2021, a 50 basis point increase/decrease in the interest rates for 2020 and 2021, with all other variables held constant, would increase/decrease the surplus of the Fund for the year and the accumulated fund by HK\$147,000 (2020: HK\$142,000).

6. Capital management

The capital structure of the Fund consists solely of accumulated fund. The Fund's objectives when managing capital are:

- (a) to comply with the Emergency Relief Fund Ordinance; and
- (b) to maintain a capital base for carrying out the purpose of the Fund as stated in note 1 above.

The Fund manages capital to ensure that its level is adequate to fund expenditure, taking into account its projected cash flow requirements, future financial obligations and commitments.

7. Cost of administration of the Fund

The cost of administration of the Fund has been borne by the Government of the Hong Kong Special Administrative Region in accordance with section 11 of the Emergency Relief Fund Ordinance.

8. Fair values of financial assets and financial liabilities

All financial assets and financial liabilities are stated in the balance sheet at amounts equal to or not materially different from their fair values.
