**Hon Martin LIAO’s motion on  
“Actively seizing the opportunities arising from the country’s  
new development pattern featuring ‘dual circulation’ to  
revitalize the post-pandemic economy”**

**Wording of the Motion**

That this Council urges the SAR Government to lead various sectors in Hong Kong to actively seize the major historic opportunities arising from the country’s accelerated establishment of a new development pattern featuring ‘domestic and international dual circulation, which takes the domestic market as the mainstay while enabling domestic and foreign markets to interact positively with each other’, and give play to the advantages of ‘one country, two systems’ in deeper integration into the overall development of our country, with a view to paving the way for Hong Kong’s post-pandemic economic revitalization in a more expeditious and stable manner, and take the opportunity to promote and implement diversification of the economy as well as enhance Hong Kong’s position as an international financial centre, thereby exploring more development pathways for young people and the general public and achieving mutual benefits with the Mainland.
