

**Subcommittee on Subsidiary Legislation  
Relating to the Prevention and Control of Disease**

**List of follow-up action required of the Administration  
arising from discussion at meeting on 13 July 2021**

For the three recent confirmed cases which involved patients working in a designated quarantine hotel (one case) and the Hong Kong Airport (two cases), apart from one case in which the patient concerned had received the first dose of COVID-19 vaccination, the Administration was requested to advise whether the patients of the remaining two cases had been vaccinated or not.
