known as "sub-divided units") and measures to tackle the problems were discussed. Yau Tsim Mong District Council members considered it important for the Administration to step up regulation of "sub-divided units" and suggested that, to enable the Buildings Department and other law enforcement authorities to take effective enforcement actions against irregularities, the Administration should draw up clear definitions in the relevant legislations (such as the Buildings Ordinance (Cap. 123) and the Building Management Ordinance (Cap. 344)) to differentiate "sub-divided units" from "cubicle apartments" and other accommodations.

LegCo Members attending the meeting agreed that the issues should be referred to the Panel on Development for consideration and follow-up. The referral memorandum has been circulated to Panel members vide LC Paper No. CB(1)704/14-15(01).

Panel members agreed at the meeting on 28 April 2015 that the subject matter be included in the Panel's "list of outstanding items for discussion", and wished to be briefed on the Administration's latest position on the issues.

21. Review of the Hong Kong Planning Standards and Guidelines

At the Panel meeting on 15 October 2015, Dr Hon Helena WONG proposed that the Administration should discuss with the Panel a review of the Hong Kong Planning Standards and Guidelines ("HKPSG"). On 3 March and 11 April 2016, Hon Alice MAK and Hon Elizabeth QUAT wrote to the Chairman respectively urging for an early discussion on the subject (LC Paper Nos. CB(1)648/15-16(01) and CB(1)828/15-16(01)). Hon Elizabeth QUAT made the same suggestion on 7 November 2016 (LC Paper No. CB(1)87/16-17(01)).

Background briefing on aspects of HKPSG cutting across various policy areas will be arranged for interested Members outside the context of meeting of the Panel on Development
(Note)

At the Panel meetings on 18 October 2016, 12 October 2017 and 11 October 2018, Dr Hon Helena WONG, Hon LAU Kwok-fan and Hon CHAN Han-pan urged that the Administration should put forward a concrete timetable for discussing the item with the Panel as soon as possible. In particular, the Administration should accord priorities to reviewing the planning standards in relation to child care services, kindergarten places, caring services for the elderly, public open space and parking spaces. Dr Hon Helena WONG opined that the current piecemeal approach of separately reviewing specific standards and guidelines in HKPSG as and when necessary was not adequate.

At the Panel meeting on 22 October 2019, Hon Holden CHOW, Dr Hon Helena WONG and Ir Dr Hon LO Wai-kwok considered it undesirable that past discussions on and the review of HKPSG were fragmented. The Chairman (Hon Tony TSE) and members agreed that DEVB should coordinate with relevant bureaux and departments ("B/Ds") as necessary to give an updated briefing to the Panel on the overall review progress of HKPSG, including those standards that were already updated, the areas

**Proposed timing
for discussion/
Remarks**

reviewed/being reviewed by DEVB and other B/Ds, and any challenges faced. The Chairman considered that with an updated briefing given by DEVB, the Panel could be in better position to conduct focused and in-depth discussions on specific area(s) of HKPSG which was voluminous.

Note: The Administration has advised that topical reviews of specific standards and guidelines in the HKPSG are conducted by individual B/Ds as and when necessary, taking into account the concerned B/Ds' latest relevant policies and development requirements. Examples include the HKPSG standards for whole-day and half-day kindergartens revised in 2018 following the promulgation of the Free Quality Kindergarten Education by the Education Bureau. The Labour and Welfare Bureau has also reinstated the population-based planning ratios in HKPSG for subsidized residential care services and community care services, district elderly community centres and neighbourhood elderly centres in 2018 as per the recommended standards in the Elderly Services Programme Plan completed in 2017.

As HKPSG is a collection of planning standards and guidelines covering a wide range of facilities and land uses that fall within the purview of different policy B/Ds, the Development Bureau will, in collaboration with relevant B/Ds, identify a suitable time slot outside the regular meeting schedule of the Panel for briefing members (including interested members from other relevant Panels) on the structure, review mechanism and recent updates of HKPSG.

Policy with the Panel. Hon Albert CHAN proposed that the discussion should also cover the Administration's rural planning strategy.

In the Public Accounts Committee ("PAC") Report No. 61 tabled in the Council on 12 February 2014, PAC urged the Administration to expedite the review of the Small House Policy and recommended that the issue be followed up by the Panel.

On 18 October 2017, Hon Kenneth LAU wrote to the Chairman suggesting that matters relating to the formulation of a comprehensive rural policy be discussed by the Panel (LC Paper No. CB(1)210/17-18(02)).

At the Panel meeting on 11 October 2018, Hon Tanya CHAN requested an early discussion on this item.

Note: The Administration advises that the Small House Policy review involves complicated issues in aspects such as legal, environment, housing, land use planning and demand on land. It is relevant to note that the Court of First Instance of the High Court handed down a judgment on the judicial review against the Policy and subsequent order on 8 April and 30 April 2019 respectively, which ruled that the Free Building License and Land Exchange not involving government land are lawful and constitutional, while Private Treaty Grant and Land Exchange involving government land are not. All parties to the judicial review have lodged appeal against the judgment of the Court of First Instance of the High Court, and the appeal had been heard with the judgment reserved. The developments of the judicial review case and the results of the appeals, may have implications for the Policy. With this backdrop, the Administration advises that it would not be in a position to discuss the policy review at this juncture.
