

Panel on Environmental Affairs

Follow-up actions arising from the meeting on 22 February 2021

Agenda item III — Improvement and extension works of waste management facilities

The Administration is requested to provide the following information to the Panel before the Public Works Subcommittee considers the relevant financial proposal:

- (a) details of the mechanism for reviewing and updating the Administration's strategies and targets in respect of waste management roughly every five years, with a view to ensuring that the long-term targets set out in the Waste Blueprint for Hong Kong 2035 would be achieved within the expected time frame;
- (b) key performance indicators (if any) of the operation of major waste-to-resources/energy facilities and quantifiable assessment of the effectiveness of these facilities in reducing waste disposal at landfills; and
- (c) report of the consultancy study for preparation of the West New Territories Landfill Extension project.
