Agenda item IV — Progress of implementation of management plan for wild pigs

The Administration is requested to provide information/written response on:

- (a) how the number of wild pigs (i.e. 1 800-3 300) in the countryside in Hong Kong as estimated in the preliminary study on the population size of wild pigs in Hong Kong conducted by the Agriculture, Fisheries and Conservation Department is worked out; and
- (b) the concern raised by members about the economic loss caused by wild pig raids on crops.
