Explanatory Note

The main object of this Regulation is to amend the Dangerous Goods (Application and Exemption) Regulation 2012 (Cap. 295 sub. leg E) (*principal Regulation*) to—

- (a) introduce technical updates to the principal Regulation due to technological changes and amendments to the International Maritime Dangerous Goods Code (updated every 2 years);
 - (b) enhance the safety of the manufacture, storage, conveyance and use of dangerous goods through a risk-based approach; and
 - (c) introduce certain exemptions to facilitate the daily use of dangerous goods by the public without compromising safety.
