總長

Dear Head of Subcommittee on Promoting Carer-centric Policies,

May I introduce my thought of caregiver policies in a popular song hereof, which is self-explanatory to the human dignity and right that our law protects.

Self-determination of life should be protected, respected, and enacted freely; and it is up to you to help those who can not exercise their choices. Only in this way, we can mitigate the hardship of caregivers.

## 漢語歌詞

### [Intro]

像是沉溺般 又像是離去般  
在只有你我兩人的廣闊夜空之中

### [Verse 1]

僅僅只是「再見」而已  
這一句話卻瞭解了一切  
日落又升起的青空和  
跨越圍欄的你的姿態重疊在了一起  
從初遇你的那天起  
我的心靈就全被你奪去了  
不知被何處的虛渺氣氛纏繞的你  
似乎一直帶著寂寞的眼神

### [Pre-Chorus]

無論何時都在滴答滴答的響著  
不管在這鳴響的世界多少次  
去觸碰無情又冷酷的話語  
即使眼淚似乎快落下來了  
只是如往常般的歡笑著  
只要兩個人的話一定能發現的吧

[Chorus]

在吵鬧的日子中 幾乎不笑的你  
在只有回憶的眩目的明日中  
在沒有黎明的黑夜裡 在落下逝去之前  
用我的手去抓住 你看  
即使是在被封閉的日子中也  
不想忘記緊緊抱著你所殘留的體溫  
一點也不可怕唷 直到太陽升起的那天為止  
就我和你兩個人就好

[Verse 2]

現在眼裡只看得見你  
討厭著總是在尋求什麼的你  
像是看得入迷般 又如陷入戀愛般  
討厭著那樣的表情

[Verse 3]

雖然想去相信著無法相信的事物  
那樣的事情反正到最後也一定  
在這之後也還是會不斷發生  
那樣每次生氣後哭泣的場景吧

即使如此總有一天一定 我們也還是會  
相信著會有心意相連的那一天

[Refrain]

「已經厭惡了 已經疲憊不堪了」  
冒失的我所伸出的手卻被你輕易給甩開了  
「已經厭惡了 已經疲憊不堪了啊」  
這句話也是我想說的啊

[Pre-Chorus]

啊 看吧 又滴答滴答的響著  
不管在這鳴響的世界多少次  
為了你所準備的話語還是無法傳遞給你  
說著「想要迎來結束」  
被誘惑的言語吸引那時  
你第一次嶄露了笑容

[Chorus]

在吵鬧的日子中 變得無法露出笑容  
我的眼裡映照的你是如此美麗  
在沒有黎明的黑夜裡 滿溢出來的眼淚也  
和你的笑容一起逝去了

在沒有變化的日子中 即使是正在哭泣的我  
你也仍然溫柔地邀請我迎接終結  
像是沉溺般 又像是離去般  
使被染上的薄霧也能放晴  
即使身在想去遺忘的封閉的日子中  
也想緊握住你所伸出的手  
如清爽的風在天空中漂浮般 現在正穿透而去

[Outro]

不要放開緊牽著的手唷  
我們現在、正向夜晚奔馳而去

## English Lyrics

Seize a move, you're on me, falling, and we were dissolving  
You and me, skies above and wide, it brings on the true night on me

All I could feel was a "goodbye"  
Those only words you wrote, it's plenty to understand ya  
The sun is going down, the sky behind and visions of you would stand  
Overlapping with you and the fence beyond

Remember the night that we met up  
Broke into me and taken everything left in my heart  
So fragile is that air, it always keeps on revolving near and wide  
Loneliness envelops deep in your eyes

It's stuck in "tick-and-tocking" mode  
Never refraining shamble, block of sound  
Too many terrible noises around  
And the voice ringing in me gets louder  
With tears about to fall  
I need to find me an average happy tiptoe  
Locating, never tough when I'm with you

Saw what got seen hid beneath, and louder nights keep beating  
I'm going to you, and giving brighter shiny tomorrows  
What can "night" for you mean, infinite? You could run with me  
Place your hand in mine, you gotta stay, hold up  
Want to leave it behind, dark cruel days, in deep, you may have hid before  
I'm embracing you until more heat dissolve what is caught up  
Sun will soon rise up into a day you're no more too afraid  
Keep all of me in you

Only perceiving through your eyes  
I see nothing, I'll soon hate you, keep me out, I'm crying out  
You're falling into deeper fascination, giving away your love

That expression has got me crying out

She's gonna try to me, she's gonna lie  
Got to force a belief and trust to keep on  
Every time it happens, heap of attack, and now I'm back in  
I got to cry, then who knows?  
So we gotta keep on  
If you gotta keep on  
Then we're gonna keep on  
One day, we will understand, I'm believing in you

"No, wanna stop it, you got me tired of walking"  
As I show my needs, I reach to get back on, still not fit in  
You free my hand, then leave it  
"No, wanna stop it, you got me tired of walking"  
Never told you the truth, I'm feeling that inside

Back for another "tick-and-tocking" mode  
Never refraining shamle, block of sound  
Killing, oh, too many words that I gathered around  
Won't let me go to your mind  
"I want it to be done" is what went out  
It found a way to finally leak out of me  
And for once, I could make you let out a smile

Saw what got seen hid beneath, and louder nights are keeping me down  
My new images of you, now, appear heavenly now  
What can "night" for you mean when fallen seas of tears are gone  
They dissolve into the peace inside of you

Calling to life, hit beneath, crying days in the eternal  
Give me what I saw in you, oh, what an end to stop all  
Seize a move, you're on me, falling and we were dissolving  
See me to it, fog is leaving, bright air move

Want to leave it behind, tucked all days away, forget, and hid beneath  
Hand in hand, extend to me, that let me know beyond falls  
Through the seas of beyond, so loud and blows you afloat in the sky  
New wind moving into you  
Tonight, don't ever lose sight of me and let go  
You and me are running through the night in dark, I'll take you
