

**Panel on Development**

**List of follow-up actions**  
(Position as at 12 July 2024)

<b>Subject (Responsible Bureau/Office)</b>	<b>Date of meeting</b>	<b>Follow-up actions required</b>	<b>Administration's response</b>
1. Development of multi-storey industrial buildings ("MSBs") (Development Bureau)	22 November 2022	The Administration is expected to conduct an expression of interest ("EOI") exercise for the first batch of MSB sites (i.e. three sites near the Yuen Long Industrial Estate) based on the specific land sale conditions in the first half of 2023. Before the formal invitation of tenders, the Administration will furnish the Panel with information on the EOI submissions from developers for those sites.	Administration's response awaited.
2. A more connected harbourfront (Development Bureau)	28 February 2023	The Administration was requested to provide information to elucidate whether the venues selected by the Harbour Office for hosting harbourfront activities every year (including the "pop-up" seasonal decorations) include harbourfront sites on the Kowloon side and those under the management of other government departments (e.g. the Leisure and Cultural Services Department and the Drainage Services Department).	Administration's response awaited.

		sections of the New Territories Cycle Track Network.	
4. South Lantau Eco-recreation Corridor (Development Bureau)	28 May 2024	Some members consider that the Administration should capitalize on the natural scenery of Hong Kong and give play to innovative thinking (e.g. introducing activities that provide exciting experience for tourists at relevant tourist spots) to enhance the tourism appeal of Hong Kong. In this connection, the Administration was requested to provide information relating to the regulation of activities such as parasailing and ziplining, including the government departments responsible for regulating such activities.	The Administration's response was issued to members on 25 June 2024 vide LC Paper No. CB(1) 880/2024(01).
