### Toys and Children's Products Safety Ordinance (Chapter 424)

#### Toys and Children's Products Safety Ordinance (Amendment of Schedules 1 and 2) Notice 2026

### INTRODUCTION

— This paper briefs Members on the Toys and Children's Products Safety Ordinance (Amendment of Schedules 1 and 2) Notice 2026 (the Notice), copy at Annex A, which will be published in the Gazette on 13 March 2026.

### JUSTIFICATIONS

2. The Toys and Children's Products Safety Ordinance (Cap. 424) (the Ordinance) stipulates that a person must not manufacture, import or supply a toy or a children's product listed in column 1 of Schedule 2 to the Ordinance (Schedule 2 product) unless the toy or the Schedule 2 product complies with all the applicable requirements contained in any one of the safety standards (international standards or standards adopted by major economies) respectively specified in Schedule 1 or Schedule 2 to the Ordinance.

3. The Government keeps in view any updates or amendments to the safety standards made by the standardisation bodies concerned so as to apply up-to-date and operative versions of the standards to toys and Schedule 2 products manufactured, imported or supplied in Hong Kong. Under section 37 of the Ordinance, the Secretary for Commerce and Economic Development may amend Schedule 1 or 2 by notice published in the Gazette, thereby updating the safety standards applicable to toys or Schedule 2 products. The last updates to Schedules 1 and 2 came into operation in August 2025.

4. The specified standards for toys and for four of the classes of products listed in column 1 of Schedule 2, namely “children’s high chairs and multi-purpose high chairs for domestic use”, “children’s paints”, “playpens for domestic use” and “wheeled child conveyances” have been updated or amended by the standardisation bodies concerned. The Government intends to apply the updated/amended safety standards to toys and to the aforementioned four classes of products in column 1 of Schedule 2 and, for this purpose, the Secretary for Commerce and Economic Development has made the Notice.

## **THE NOTICE**

5. The Notice amends Schedules 1 and 2 to the Ordinance to apply the updated/amended safety standards to toys and to four classes of products in Schedule 2 as mentioned in paragraph 4 above as follows -

6. The Notice will come into operation on 1 August 2026.

## **IMPLICATIONS**

7. The Notice is in conformity with the Basic Law, including the provisions concerning human rights. It will not affect the current binding effect of the Ordinance. It has no economic, financial, productivity, environmental or gender implications. The updates can enhance the protection of child safety and will be welcomed by families with children. It is conducive to sustainable development. Additional workload arising from the implementation of the Notice will be absorbed by the relevant departments within their existing resources.

## **PUBLIC CONSULTATION**

8. From 1 to 31 December 2025, we consulted 47 major trade associations and organisations advocating for children welfare, informing them of our intention to adopt the updated safety standards as soon as possible. We also posted a gist of our proposed updates on the website

of the Commerce and Economic Development Bureau and the GovHK website for public information and comments. We received one submission, which did not raise any objection in principle to the proposed updates.

## **ENQUIRIES**

9. Any enquiries on this brief can be addressed to Ms Peggy Siu, Principal Assistant Secretary for Commerce and Economic Development 6, whose telephone and fax numbers are 2810 2969 and 2869 4420 respectively.
