Dear Mrs Eleanor Chow,

Argument against Surrogacy

Thank you for inviting us to present our view to the Bills Committee on Human Reproductive Technology Bill. As stated in the presentation yesterday, our main objection to the bill is that it does not prohibit all forms of surrogacy arrangement in Hong Kong. As we are deeply concerned about this moral issue, two of our relevant research papers are enclosed to further explain our position. We should therefore be very grateful if you could kindly circulate the two papers among members of the Bills Committee and relevant government officials.

Best Regards,

Sincerely Yours,
