

**Annex B**

The Administration's response to Para. 2(b) of the letter of the Clerk to  
Subcommittee dated 13 July 1998

**Question:** When the inspection of the facilities/conditions was carried out and when the final inspection was done.

**Response:** Inspections of sanitary facilities have been carried out by the Department of Health since 12 May 1998. Site inspections for pest control were done on 15 and 20 May 1998. Site inspections for potable water system and sanitary system were conducted on 25 May. Sampling of water was done on 12 May and 2 June. All the criteria for "sanitary aerodrome" were deemed fully satisfied on 11 June 1998.
