**SUB-COMMITTEE TO FOLLOW UP ON
OUTSTANDING CAPITAL WORKS PROJECTS OF THE
TWO PROVISIONAL MUNICIPAL COUNCILS FOR INCLUSION
INTO THE GOVERNMENT'S PUBLIC WORKS PROGRAMME**

**Remaining Capital Works Projects
of the two former Provisional Municipal Councils
of concern to the Leisure & Cultural Services Department**

INTRODUCTION

This paper updates Members on the latest position of the 147 capital works projects with leisure and cultural facilities and which have not received funding approval from the two Provisional Municipal Councils (PMCs).

BACKGROUND

2. At the PWSC meeting on 8 December 1999 and Finance Committee meeting on 17 December 1999, it was agreed that the relevant LegCo Panels should be consulted on all 169 projects under planning by the PMCs before the end of the current financial year.

3. A LegCo Sub-Committee was established to follow up on the outstanding capital works projects of the PMCs for inclusion into the PWP. At its second meeting on 1 February 2000, it was agreed that the Administration would examine the 169 projects under planning and report their position to the Sub-Committee by late March 2000.

THE 169 PROJECTS

4. Of the 169 projects under planning, 22 are purely environmental hygiene (EH) projects which will be dealt with by EFB. The remaining 147 projects include 139 projects with leisure and/or cultural facilities only and 8 are complexes with both leisure and cultural (LC) and environmental hygiene (EH) facilities.

5. The Home Affairs Bureau (HAB) and the Leisure and Cultural Services Department (LCSD), in consultation with Architectural Services Department (Arch SD), have reviewed the latest position of the 147 projects. Details of the 147 projects are at ***Annex A***.

PRIORITY PROJECTS RECOMMENDED FOR ADMISSION INTO THE PWP AS CATEGORY C ITEMS

6. Of the 147 leisure and cultural projects under planning, the majority are still in an early planning stage, for instance, some of the sites have yet to be formed or boundaries for some sites are not yet defined. It is therefore considered unrealistic to admit all 147 projects under planning into the PWP as Category C items.

7. Having considered the above practical difficulty and taken into account of other factors such as :-

- (a) compliance with existing regulations,
- (b) upgrading to present day standard,
- (c) patronage available, and
- (d) need of facilities in the area,

we recommend that priority should be accorded to some of the projects from the list of 147 projects under planning. A list of 16 priority projects is at ***Annex B***. As to the remaining projects, Members are assured that we will continue to examine their suitability for inclusion.

RECOMMENDATION

8. The Administration recommends that the list of 16 priority projects in ***Annex B*** be admitted into the PWP as Category C items.

ADVICE SOUGHT

9. Members are invited to advise on the recommendation above.

Item	Function	District	LCSD Project No.	Project Title	Rough indication of Project Cost (\$M) (Note)	Proposed Facilities	Remarks
1	LS	E	469CR	Improvement works to Lei Yue Mun Park	78.75	To improve the fire services and the means of escape inside the Lei Yue Mun Park	The proposed improvement works aim to comply with the latest licensing requirement under the Hotel and Guesthouse Accommodation Ordinance. Draft Client Project Brief under preparation.
2	LS	SK	305LS	Improvement to the Jockey Club Wong Shek Water Sports Centre	36.21	Improvement works to - Sea wall Jetty 3 Ramps Observation tower Boat shed Emergency vehicular access	Scope of facilities being finalized. Improvement to the seawall, which is deteriorating due to gradual erosion by seawater, is urgently required. If unattended, it will pose danger to the public.
3	LS	YL	182LS	Indoor Recreation Centre Area 17 Tin Shui Wai	205.47	1 Handball court / 2 basketball courts / 2 volleyball courts / 11 badminton courts 2 Activity / dance rooms 1 Fitness training room 1 Children's play room Ancillary facilities	Site available for development and is currently fenced off. Detailed design and cost estimate finalized. The population in Tin Shui Wai area is about 160,000 and will increase to 320,000 by 2003. The population is anticipated to grow further when the West Rail is in operation by 2003. Currently there is only one IRC serving the area and its usage rate is over 70% during peak period. Development of the second IRC in the area to cater for the shortfall is required.

4	LS	Is	283LS	District Open Space in Area 7 Tung Chung Lantau	77.39	1 7-a-side soccer pitch 2 Basketball courts Children's play area Service building Tropical theme garden Toilet Ancillary facilities	Sketch design being prepared by Arch SD. Site let under Short Term Tenancy. Tung Chung is a fast growing new town. Its population is expected to reach 90,000 by 2003, and will rise to 200,000 by 2006. There is a lack of recreational facilities in Tung Chung. To meet the demand for the growing population, it is necessary to start active planning for this project now so that facilities will be available by 2003.

Detailed layout plan being finalized by Arch SD.</p> <p>The population in Ma On Shan area is 160,000 and will rise to 200,000 by 2003. There are also 10 primary schools and 12 secondary schools in the area. The construction of Ma On Shan Sportsground covers two phases. Phase I, providing a soccer pitch, a running track and athletic facilities has been completed. Phase II, i.e. Project 301LS, is to provide facilities for ball games activities including tennis, basketball, volleyball and gateball. The two phases together provide the necessary sports facilities to serve not only young residents but also students in the vicinity.</p>
13	LS	TW	174LS	Additional Open Space to Tsuen Wan Town Hall	32.59	Sitting-out area Landscaped area Multi-purpose activity area Ancillary facilities	<p>The nearby permanent bus terminal is under construction. Upon its completion in late 2000 and the finalization of land issue, the existing temporary bus terminal currently occupying part of the project site will be relocated. The whole project site will then be available for open space development. Sketch design being reviewed by Arch SD.</p> <p>The project provides a carpark with 26 carparking spaces inside the courtyard of the Town Hall. It is also to improve the environment in front of the Town Hall, to meet strong local demand for local open space provision (the current shortfall is 12 hectares) and provide a multi-purpose plaza area for outdoor cultural/sports events.</p>
